

First Visit

("Stress Buster")

If you are lodging your pet for the first time and have concerns about how your pet will fare in a new environment, we suggest a visit to our facility. This gives the owner a chance to tour our facility and we will put your pet in one of our exercise areas while you tour. We reserve the right to decline aggressive dogs.

Most importantly, they see that they get to go back home, and that's very important. Like a child at camp, pets have a ball at our facilities but also love their reunions with "mom" and/or "dad" when they leave.

No charge! If your pet's stay is not for a few weeks, you might want to schedule an interim visit for them to stay a couple of hours and have "day care" while you run your errands.

The tour also puts the pet owner at ease and relieves a great deal, if not all, of the anxiety that first-time boarders might experience.
